Upcoming Speakers Forum: In Search of an Optimum Investing Strategy

Presented by: Bruce Smith, March 19th

The purpose of this presentation is not to promote or sell financial products or services and I am not making the presentation on behalf of any financial institution. I am a retired Civil Engineer and I simply want to share the experience and knowledge I acquired over the last four decades, successfully investing for my retirement.

I spent my entire career as a consulting geotechnical engineer working for small companies that did not provide retirement benefits. Moreover, between the demands of my career, raising a family and other priorities, I had very little time to look after my retirement savings.

I tried a variety of approaches for investing my savings and, after much trial and error, I eventually found that an optimum investing strategy was to buy and hold a few carefully selected businesses that pay a growing dividend. This approach will appeal to anyone who wants a predictable, stable income that is unaffected by even the most extreme stock market gyrations.

My presentation lasts 20 minutes, during which I describe the investing strategies commonly recommended by financial advisors and that have historically, achieved only mediocre results. I then present a summary of the findings of numerous researchers that demonstrates the

benefit of investing in a few selected businesses that have a history of paying and growing their dividends.

I have provided a list of frequently asked questions for which I have prepared answers. Depending on the time available, it will only be possible to answer some of the questions and I plan to address those questions which are of most concern to the audience. If you bring a hard copy of the questions to the presentation, it would facilitate the discussions.

I have written a book which summarizes the research that supports this investing strategy, explains how to implement the strategy and answers many of the questions you may have.

Whether you are a do-it-yourself investor or whether you use a professional investment manager, my book will provide all the information you need to take control of your retirement portfolio and secure a stable income that is completely independent of stock market behavior.

Sincerely,
Bruce

PRESIDENT'S MESSAGE

Per Andersen
President

Once again the Board would like to take this opportunity to thank the members and shareholders of our Danish Canadian Club for their patronage and financial support in 2019.

We would also like to extend a welcome to the new members and shareholders that joined us in 2019.

The last couple of months in 2019 were very good financially for the Club, but we expect a slow down for business in the early months of 2020, as is typical in the beginning of a new year. To that end, we have secured a line of credit that we can draw on if necessary.

We are pleased to announce that the Club's tenant, Kit Interior Objects, has renewed their lease with the Club for five years. The Club has also received funds from the AGLC Casino held in 2019. A big thank you to the volunteers that made this possible.

As we all know and most of us feel, the economy in Alberta, and specifically in Calgary, is not firing on all cylinders. The entire restaurant industry in Calgary is going through some very challenging times, and that has an effect on our Club as well.

It is therefore extremely important that we all continue to support the Club when and where we can.

In the year ahead we hope to replace the carpet in the Mermaid Inn and adjoining rooms. Once we have established the cost of this undertaking, we will appeal to the Club membership to assist with donations, similar to how we did when the chairs were re-upholstered in the Mermaid Inn last year.

The Club management, staff and Board will continue to pursue new ways of creating revenue, and we are always open for suggestions from shareholders and members of the Club.

Kind regards,
Per Andersen

Children's Christmas Party

December 15th, 2019

This year we had 64 children who attended. "Danny the One Man Elf" did the entertaining. We danced around the Christmas tree, Santa came to visit with the kids and the children got their gifts. A lot of fun was had by all. Thanks to Ilse, Jeroen, Lisa and Karsten for leading the singing, and to our wonderful volunteers who helped through the whole day. Many thanks to: Ilse & Palle, Karen & Dennis, Lone & Jeroen, Joan, Mike & Karsten.

Sincerely,
Bente Dalberg,
(Social Committee)

THANK YOU SANTA!

A little girl gave Santa a letter when she sat on his knee at the Children's Annual Christmas Party in December. She wanted to say thank you very much for the special letter that he mailed to her and that he is a very special SANTA.

FROM THE MANAGER OF THE CLUB

Dear members, shareholders, family & friends:

We are all aware of the severe downturn in the local economy over the last several years.

We are still looking for new members, and counting on all of our members to frequent the Club, use the Club to celebrate family events, and also to recommend us to anyone looking for a place to hold an event.

We need your help if you want your Club to survive and keep it in good financial stead.

Regards,
Peter Christensen

Sing alongs in Spring!

Please be aware of the changes to the Spring season of sing alongs: March 19, we meet at 1 pm; April 16, daylight savings time has started and the nights are becoming lighter, so we are back to the usual time of 7:30 pm. The sing along in May is moved to May 28 at 7.30 pm. Water, coffee and tea is served, feel free to bring family and friends along.

Guest speakers

March 24, 7:30 pm. We have invited the Program Specialist with the City of Calgary's Public Art Program, Tomas Jonsson, to tell us about some of the art gems in downtown Calgary.

This evening will hopefully help us catch sight and understand more about the many artworks that are scattered throughout downtown.

The last guest speaker this season will be Peter Berg, on April 28 at 7:30 pm to tell us about King Christian X and the events leading up to the reunion of some parts of the country, which Denmark had lost to Prussia and Austria during

the Second Schleswig war. This year is a celebration of the 100 years anniversary for the reunification.

Glenmore Water Treatment Plant tour

How does water get from the river to our taps? How is it treated before it reaches our taps? Those and many more questions will be answered on a tour of the **Glenmore water treatment plant Saturday, April 18!**

The exact time of day is not yet determined by the City of Calgary, but will be available a month ahead of the date. The public tour takes about two hours, has a maximum capacity of 30 people and is first-come, first-served, so in order to be able to get all of us on the same tour, we need to book our tour as soon as the registration opens March 18. Therefore, **no later than Sunday, March 15**, I need to know who wants to participate. Please contact me at Charlotteberg1@gmail.com

The tour is free and afterwards I suggest we go for lunch together.

Join us for an evening of fun, fellowship and entertainment.

We will carry on in our tradition with many beautiful items for sale. It could be dinners in unusual places, a stay in a cabin, gift certificates, paintings and more. Please come and discover.

If you have anything to donate for the auction, call Jens Lehmann at 403-540-0201 or email a description of your donation to: jenslehma13@gmail.com. Please make sure there is a note with a description of the donation and the name of the person donating.

We can only accept new items, or items in as-new condition. But the birthday or Christmas present or any other gift you received, and really can't use, is great for this auction. (Please note that anything pledged after April 12 will not be included).

Thank you to all who support this major fundraiser in one way or another. It is very much appreciated.

THE FIRST SPEAKERS FORUM

The first Speakers Forum the Year was a great success. Jens Lind told us the story of his life, growing up in Denmark and later immigrating to Canada after working on a farm near Drumheller.

It was indeed nice to see that some families brought younger people to listen to how Jens set a goal for his dream job, later accomplished in Calgary with the Calgary Police Services.

Well done Jens and thank you for helping the Danish Club in Calgary to host this event.

Manitoba Historical Society (MHS) Field Trip: 2020 - “Jens Munk at Churchill”

July 21-24, 2020

In conjunction with the Federation of Danish Associations in Canada and Jens Munk 400th Anniversary Steering Committee, the Manitoba Historical Society (MHS) is offering an opportunity to visit Churchill, Manitoba on the 400th anniversary of Jens Munk's wintering at the mouth of the Churchill River.

This trip will allow MHS members to visit the Munk wintering site as well as many other points of interest in the Churchill area (including Prince of Wales Fort, Sloop Cove, and the former Rocket Range), take a ride in a Tundra Buggy, and learn about the Indigenous history of the area.

All enquiries concerning the tour should be directed to Grant Chem of Adventures North at Grant.Chem@frontiersnorth.com or 204-949-2050 extension 300.

Itinerary

Tuesday, 21 July (L)

Guests will arrive into Churchill by their own arrangements and will be met by their Frontiers North Interpretive Guide. Guests will then be transferred into the town of Churchill to begin their adventure!

Upon arriving into town, we will then set out on a relaxed walking-tour of Churchill. During our journey we will stop at the Parks Canada Interpretive Center, Itsanitaq Museum,

Dear Members of the Danish Federation,
The Manitoba Historical Society is organizing a Jens Munk field trip to Churchill, MN.

This is a once-in-a-lifetime trip. Churchill is more than 1,000 km north of Winnipeg.

Attached is more information about the trip which will take place from July 21 to 24.

If you are interested in participating, please sign up right away. See accompanying information for contact details.

Thank you for your interest in Jens Munk and his expedition in search of the fabled Northwest Passage.

Regards,
Rolf

the Town Complex, and some of the unique Gift Shops of Churchill. Our stroll will have us pass some of the most recent additions to Churchill, the Seawalls of Churchill, unique and inspiring murals that were painted in 2017.

Our excursion will lead us to the Anglican Church, one of the oldest prefabricated metal buildings in Canada and the only known iron facility of its type that survives in Manitoba. Here is where our Interpretive Guide will conduct a short Meet n Greet and go over our Itinerary and answer any questions guests may have. We will then have a tour of this amazing structure learning the history behind it. Lunch will follow in the Anglican Church hall.

After lunch, guests will board a Transport Canada approved vessel to view the beluga whales that migrate into the mouth of the Churchill River. Then, across the river, the group will tour the Prince of Wales Fort National Historic Site, the oldest most northerly fort in the country.

Return to town where you are free to explore and choose one of the local restaurant's for your dinner. Evenings are also free to relax, explore Churchill's authentic shops or discover some of the local pubs and coffee shops around town. Overnight at a Churchill hotel.

Wednesday, 22 July (L)

Today's the day! After breakfast, which is included in today's adventure, we will be transferred to our private Zodiacs where our drivers will take us across the Churchill River. After we dock, we will be met by our bear monitor, then head out on a three-kilometre hike from Cockles Point to Jens Munk wintering site. On our way back (time permitting) we will also visit Sloop Cove. On our return Zodiac ride, weather permitting we will do some up-close-and-personal whale watching.

Upon returning to the dock, we will visit the Churchill Marine Observatory.

After this amazing adventure we head back to town where you're free to enjoy lunch and free time to discover Churchill.

After dinner at one of the many restaurants you can choose from, look to the skies, and fingers crossed the Northern Lights come out to dance for us. Overnight Churchill.

Thursday, 23 July (B)

After breakfast at a local restaurant, the group will set out for a Churchill and area tour visiting local and historical points of interest such as Cape Merry, Miss Piggy, Manitoba Conservation's Polar Bear Holding Facility, and the Inukshuk at Town Beach (weather permitting). Included will be an interpretive program at the Dene Village where a member of the Sayisi Dene will join us and explain the relocation of the Dene people and the importance of the caribou.

After lunch, guests will be transferred to the Tundra Buggy Dock for a private Tundra Buggy® adventure exploring the Churchill Wildlife Management Area at a time when it is full of flowers, migrating birds and other wildlife such as caribou and arctic fox. And of course, the potential of seeing some of the first bears coming off the melting sea ice.

Upon our return to the Tundra Buggy Dock we will take a short ride over to the Churchill Northern Study Center for a tour of the facility and the Rocket Range.

We will then be transferred to the Churchill airport for an evening flight back to Winnipeg. Upon arriving into Winnipeg our adventure comes to an end.

TREASURE DRAW

There has been a bit of confusion as to how the treasure draw works.

At the end of the day we take and list all the names and numbers of people who put in their toonie.

We then draw a membership card out of a drum with all the member cards in it, and if we have a match with someone who put their toonie in that day the pot is won, if not the pot will keep building up till we have a match.

ARTICLE FOR MEMBER INFO

The DCC is committed to keeping the membership current on activities at the club through various means. Currently the main source is the bi-monthly Newsletter and Facebook. We would like to establish an email distribution database in conjunction with a new website to make sure you are informed with activities at the DCC.

We encourage you to consider receiving the Newsletter through electronic media options which will reduce our printing, handling and mailing costs. These costs are a substantial expense and given the current economic environment prudent fiscal management is critical to your club.

We would appreciate it if you would respond to the following questionnaire to meet these objectives.

You can either email the DCC, phone or drop off the form at the club.

☐ Hard copy - please continue to mail me a newsletter to my home

☐ Email copy - please email the newsletter to my email address

☐ I will be viewing the newsletter on the website

☐ Yes, I would like to receive occasional email DCC updates
